PRISTINE

THE CLEAN CITY DREAM

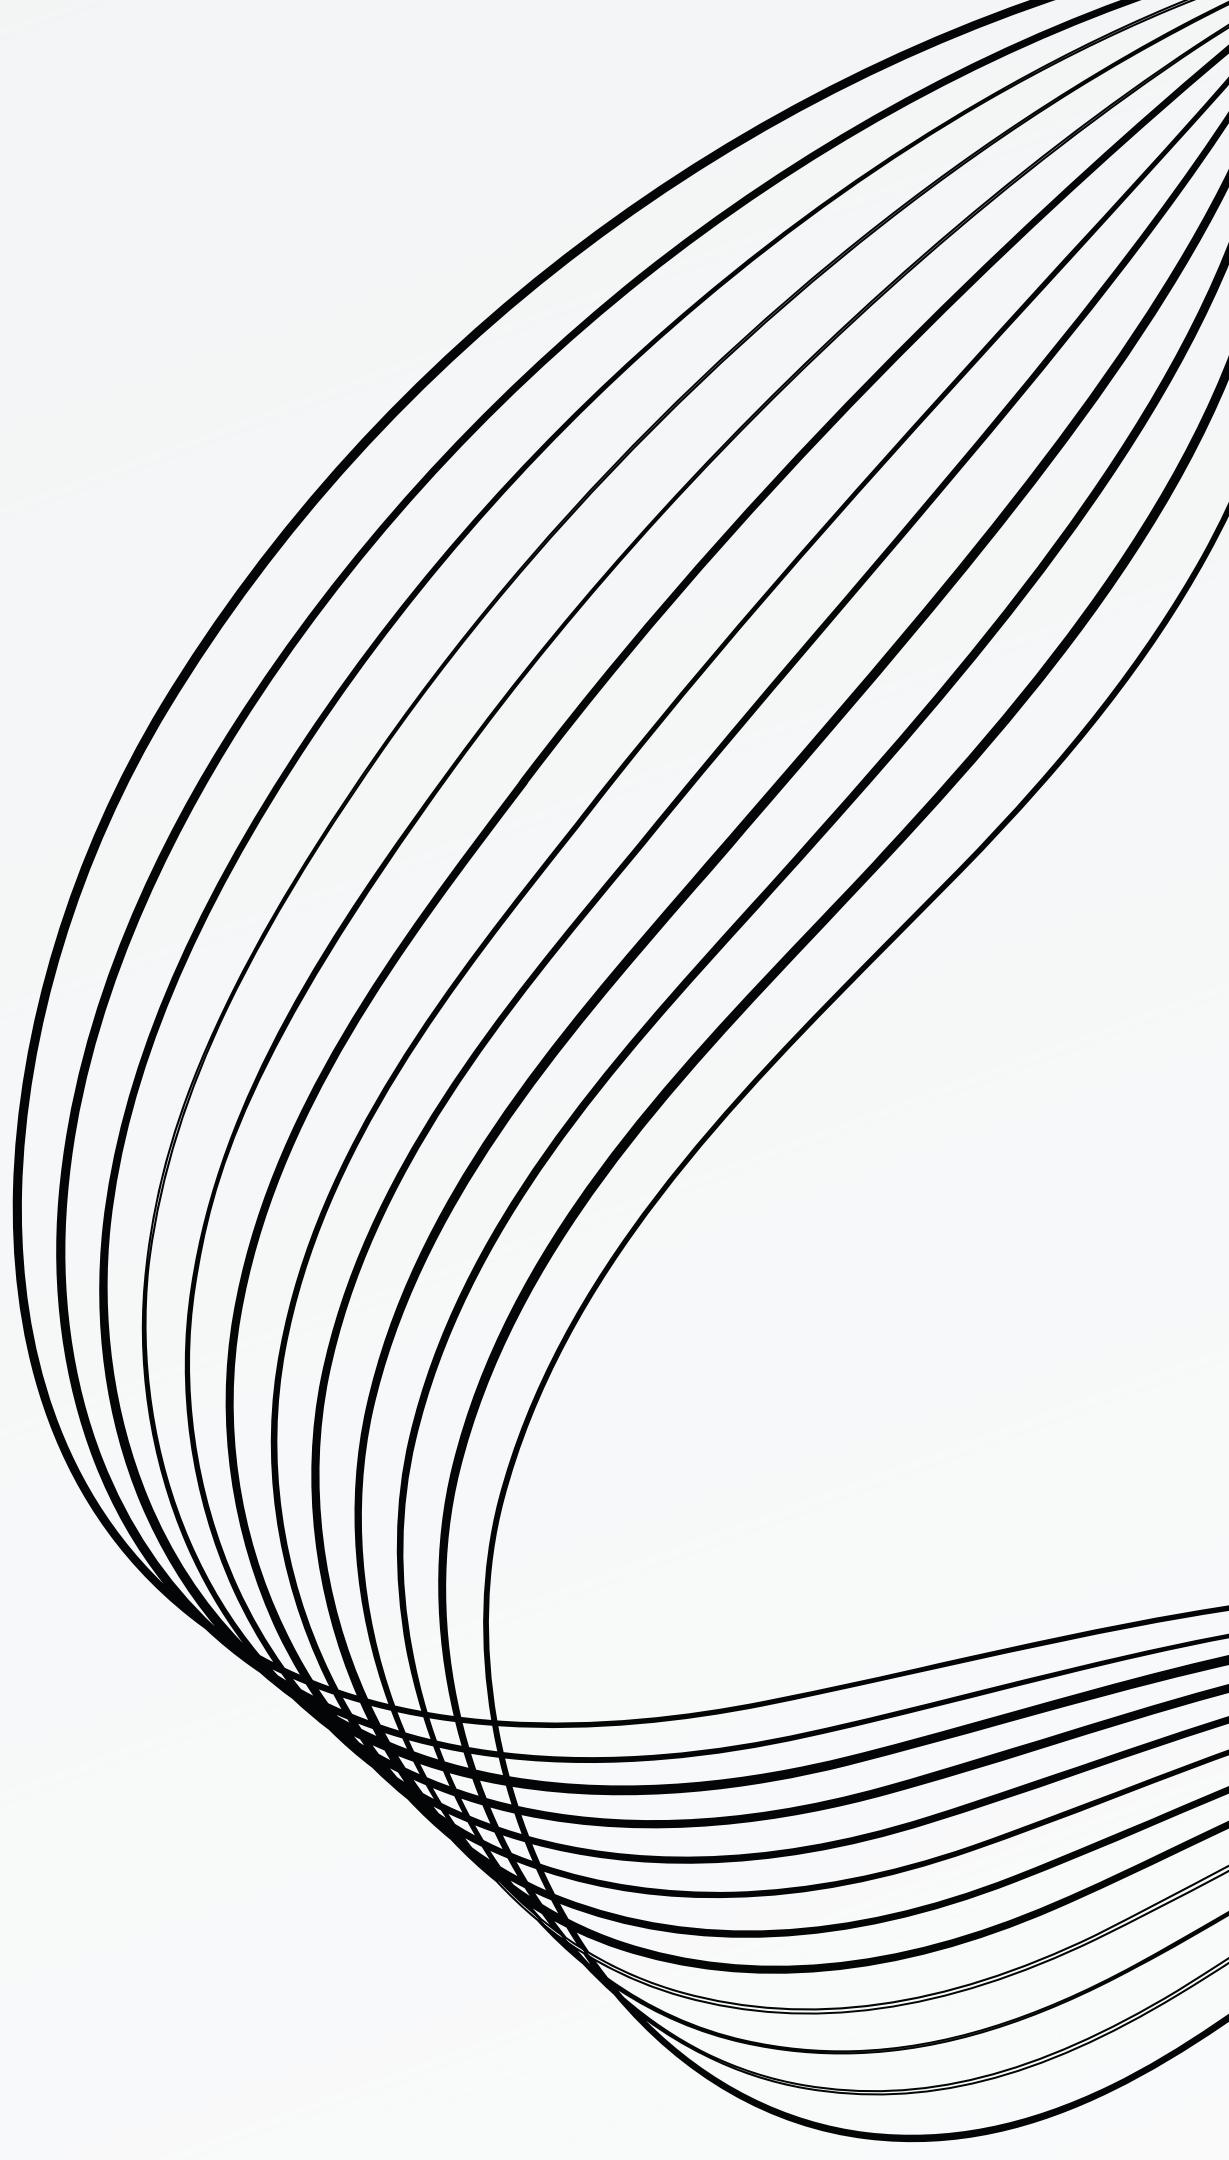

~ABHINAV NAMAN

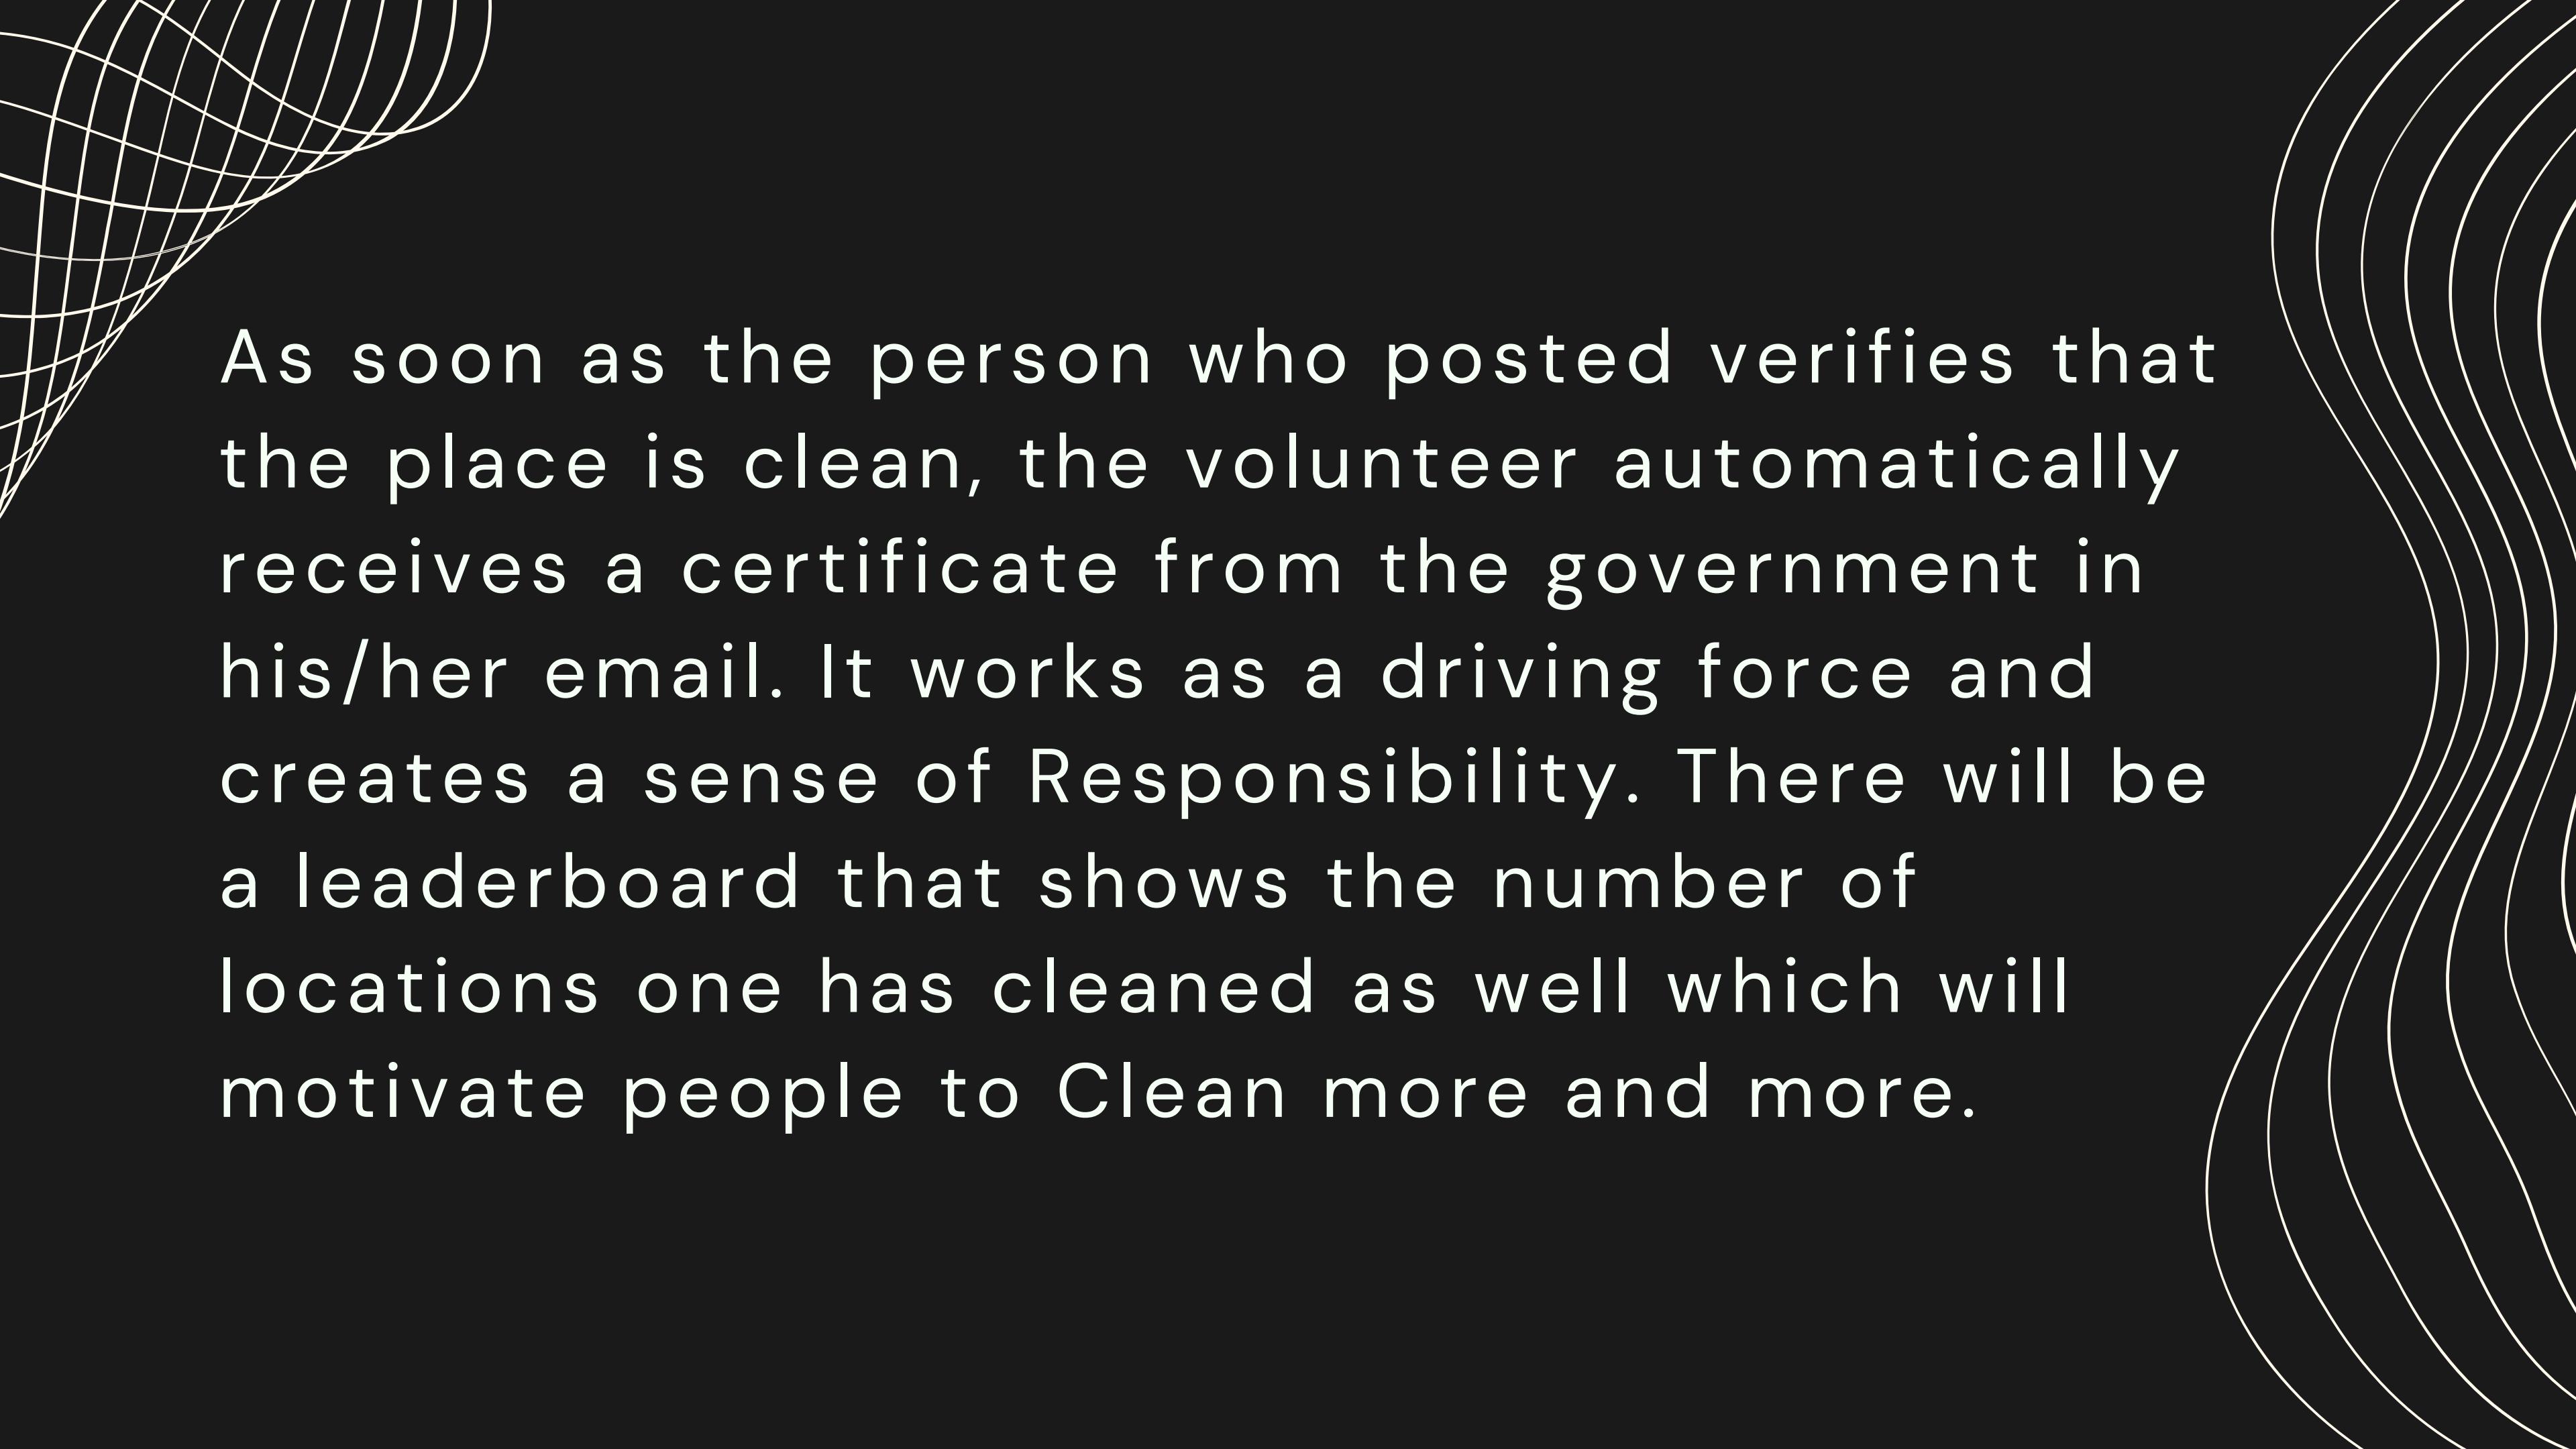

**Keeping your environment clean
doesn't always mean not
throwing garbage around but also
cleaning the mess we created.**

**Cleaning your city is also not
always the responsibility of the
government and the NGOs but
also the citizens that is we are
equally responsible for cleaning
our city.**

Hence,
We have created a web app called
Pristine which means clean and pure, its
purpose it that anyone who wants to
clean his locality and need help in doing
that, they can post a request with an
image in this portal and anyone who is
willing to help in cleaning his/her own
city can then upload the clean place
image as a fellow volunteer.

As soon as the person who posted verifies that the place is clean, the volunteer automatically receives a certificate from the government in his/her email. It works as a driving force and creates a sense of Responsibility. There will be a leaderboard that shows the number of locations one has cleaned as well which will motivate people to Clean more and more.

**DREAM OF A CLEAN CITY IS
STILL A DREAM OF MANY.**

LET'S CLEAN OUR NATION!!!
